Derby City Council

Hello

We are one of the Midlands' newest venues - the UK's fifth indoor velodrome, but also a flexible events space for performances, concerts, shows, exhibitions, world-class sports events and more.

We opened in Spring 2015, and events to date have included **Jimmy Carr**, **Revolution Series Cycling**, **Aladdin** (Derby LIVE and Paul Holman Associates), **BBC Symphony Orchestra's Ten Pieces**, **University of Derby Graduation** 2015 and 2016, as well as televised **Boxing**, **Badminton** and **Children in Need** events.

Derby Arena is proud to work in partnership with the **Derby LIVE** team who have a proven track record of over 35 years running the **Assembly Rooms** until its closure in 2014 and the **Guildhall Theatre**. The team also produce **Derby Folk Festival**, and co-produce **Derby Festé** and **Derby Comedy Festival** as well as being active partners in many other city-wide events and festivals.

We're can-do, with a creative approach to making it happen. We are keen to build on and expand the programme of events at the Arena.
